- \$4.0 Million
- \$3.5 Million
- \$2.1 Million

Sheff Law Offices is proud to carry on a 60 year legacy of excellent results. The firm is based on the premise that every client deserves the very best representation available. Sheff Law Offices has built a team of talented practitioners who bring to bear an impressive array of legal skills in a multitude of

practice areas. The team is comprised of seasoned trial attorneys **Doug Sheff, Don Grady, Frank Federico, Adam Becker, and Steve Chiasson** along with a dedicated and experienced support staff.

Sheff Law Offices has always been on the forefront of personal injury, wrongful death, product liability and brain injury cases, and is dedicated to vigorously protecting the rights of persons injured as a result of the carelessness of others.

Doug Sheff Receives Award from MATA

It is with great honor that we announce that Doug Sheff is the recipient of the Massachusetts Academy of Trial Attorney's **first-ever** Presidents' Award for Excellence in Advocacy.

The award recognizes Doug's consistently stellar representation of children and adults who have suffered traumatic brain injuries, and his remarkable results for clients in these most challenging of cases.

Doug has been on the MATA Board of Governors for over 20 years, and during this time he has become known on both local and national levels for his political activism, his commitment to preserving the civil justice system, and his dedication to representing those who otherwise would not have access to justice. Receiving the inaugural presentation of this award is a testament to Doug's unwavering dedication to representing the underrepresented, and his commitment to true advocacy.
